

MITE DEVELOPMENTAL

The **AHA Mite DEVELOPMENTAL** Program is for players age 8 and under. The goals of the program include the development of skills and game play within USAH’s American Development Model guidelines, and providing a fun and recreational hockey environment. This program is **for entry level players** only. The ADM focuses on providing an on ice experience which keeps the players **skating, passing, shooting, and building skills combined with cross ice game competition**.
